# THE NETWORK

## REPRESENTATIVES ASSOCIATES TRADERS

Despite efforts by governments, chambers of commerce, industry groups, & private platforms - global export promotion remains scattered. Buyers are left navigating a maze of disconnected channels—wasting time & resources just to find, compare, & source products across borders.

## 1POINT COMMERCE BRINGS STRUCTURE TO THIS COMPLEXITY.

Through our global network of **representatives, associates, & traders**, we unify markets & **streamline international trade**. We make global commerce local— & local businesses global—empowering SMEs in manufacturing, services, & trade to grow and compete in the digital economy.

## THE NETWORK

A global community of trade professionals communicating in English and local languages—scaling and simplifying international commerce.

### REPRESENTATIVES

Our Representatives carry a shared responsibility to uplift their local economies through trade.

They help make local companies global, drive export growth, and support job creation by:

- Assisting members with trade deals
- Guiding local companies in maximizing the platform to its fullest potential.
- Serving as your global reach into local markets

### ASSOCIATES

Associates offer essential services that help member companies close trade deals and expand into new markets—efficiently, affordably, and with minimal risk.

### TRADERS

Our international traders are sector-specific experts who source the best products at the most competitive prices from global markets. Together, they form the International Traders Network (ITN)—a collective dedicated to:

- Saving time by sourcing products based on real-time local demand
- Partnering with Representatives to support new-to-digital businesses
- Helping companies scale and succeed globally
